Development Management
EASTLEIGH BOROUGH COUNCIL

RE PLANNING APPLICATION F/17/81397 - Chickenhall Lane, Eastleigh - Open Storage use with ancillary offices, storage buildings and vehicle wash facility and associated access, parking, drainage and landscaping.

This application affects the setting of Footpath No 49 Eastleigh (The Itchen Way). We consider that these works are unlikely to be carried out without adversely affecting the surface of the path and there should be a condition requiring the reinstatement and improvement of the surface of the path to the satisfaction of the highway authority. The construction of a swale adjacent to the right of way is likely to lead to more ground water permeating in the direction of the right of way and hence a raised and better surfaced path than exists at the moment will be required.

This email has been copied to Owen Devine, Ben Marsh and Sam Jones in the Countryside Service of Hampshire County Council who should be given an opportunity to comment on this application.

Regards

Richard C.Kenchington FRICS IRRV(Hons)
